

½ Day Summer Camp Parent Information

Safety Protocols:

Your child's safety is our top priority. Upon arrival at the Ayr Motor Centre each camp member will be screened outside by one of our camp leaders. Each week our max capacity is 15 participants. This group will remain the same and no new participants will be added throughout the week. Within the group of 15 children in our summer camp, social distancing is not mandatory, and masks are not required. Camp members will be able to play freely amongst each other. In the event of public outings, we will be following all current COVID-19 protocols.

Drop-off

On Monday mornings, we will verify that we have all of your participants information (waiver, registration).

Each day the parent is to drop off the participant outside the main door of Ayr Motor Centre and wait. A camp leader will screen the participant outside and if the pre-screen goes well the participant will enter the building and wash their hands. The parent may leave.

Pick-up:

Each day pick up will be outside the Ayr Motor Centre on the front lawn. When you arrive, we will send your child to the vehicle and you may leave.

What to Bring:

Your child is required to bring the following items everyday:

- sunscreen and bug spray
- water bottle
- sneakers
- snacks
- every Wednesday we will be swimming

Emails will be sent in advance with a detailed schedule for the week, and on our Facebook Page (Woodstock Recreation 1/2 Day Summer Camp 2020)
